UNMO SECTOR SARAJEVO

UNMO SPECIAL REPORT: UPDATE SNIPING INCIDENT 111730B AUG 94.

MAP REFERENCE: CITY PLAN BiH SERIES M 903 EDITION 5.

1. A FOLLOWUP INVESTIGATION WAS CONDUCTED AFTER THE SHOOTING OF AN 11YR OLD GIRL IN SARAJEVO BP921597, BY A 12.7MM WPN. UNMO PTLs WERE SENT OUT ON BOTH SIDES OF THE CFL IN THE GRBAVICA AREA.

2. THE INVESTIGATION FOUND THE BULLET, THAT STRUCK THE GIRL, HAD RICOCHETED OFF THE ROAD AND HAD LEFT A DEFINITE LINE IN THE TARSEAL. FROM THIS THE TEAM WAS ABLE TO GET A BEARING ON THE FIRING POINT. WHICH THEY BELIEVE TO BE BP923578. THIS HAPPENS TO COINCIDE WITH A NEW 12.7MM POSITION KNOWN TO OUR TEAMS AND REPORTED IN DSR STARTING ON THE 7 AUG 94.

3. AN UNMO PTL WAS SENT TO THE LOCATION BUT WAS DELAYED BY BSA FORCES WHO INSISTED THE PTL GET CLEARANCE FROM BN HQS, CLEARANCE WHICH THEY HAD ALREADY RECEIVED. FINALLY AFTER SOME TIME, GOING BACK AND FORTH BETWEEN THE BN HQS AND THE CFL, THE PTL WAS ALLOWED TO THE SITE. BY THIS TIME THE 12.7MM GUN HAD BEEN REMOVED. THE SOLDIERS AT THE POSITION STATED IT HAD BEEN TAKEN AWAY FOR MAINTENANCE.

4. UNMOs HAVE ON A DAILY BASIS ATTEMPTED TO GET THIS WEAPON REMOVED BUT HAVE BEEN UNSUCCESSFUL. HOPEFULLY THIS WEAPON WILL NOT BE RETURNED.
