TO THE HIGHER PUBLIC PROSECUTOR'S OFFICE

SARAJEVO

Pursuant to Article 151, para 6 of the Law on Criminal Procedure we are bringing

CRIMINAL CHARGES

AGANST: Unknown perpetrators

BECAUSE OF: A well founded suspicion that they violated the International Law when they launched a 120mm cal mortar shell from the enemy positions in the area of Mirkovići village, Sarajevo, on 5 February 1994 at approximately 1230 hours. The shell fell on the asphalt surface of the Markale market in Sarajevo, killed 67 persons and caused minor and serious injuries to 142 others. It also caused considerable material damage

They have, therefore, committed a criminal offence defined in article 142 of the Criminal Law of the SFRY (war crime against civilians). This law has been adopted by decree and is now used as the Law of the Republic /BiH/.

Explanation

On 5 February 1994, at approximately 1230, unknown perpetrators launched a 120mm mortar shell from enemy positions in the area of Mirkovići village, Sarajevo. The shell fell on the asphalt surface of the Markale market in Sarajevo.

At the time the shell fell, the market was open for business. Between 300 and 500 people were at the market. No military activity was conducted from that part of town, and no members of the BiH Army were nearby.

The following citizens were killed by the shell explosion:
